Kansas City, MO

### Location

Calamity Line Park  
901 W Santa Fe

### Medium

Galvanized Steel

### Description

Small boat with painted sails. In Kansas we're in the middle of the country, far from any sea. Yet when the sails of Fancy Buoy billow, you'll imagine the grassy earth swelling up... and you will be invited to daydream a voyage to who knows where. Children happening upon Fancy Buoy may think of Max voyaging to Where the Wild Things Are or perhaps of the wooden shoe-boat of Wynken, Blynken, and Nod.
